

## TEARS - TRÄNEN – NAMIDA 涙

this 涙/NAMIDA collection is dedicated to the many people who lost loved ones and who continue to suffer hardship as a result of the Great East Japan Earthquake and Tsunami on 3/11. The Tohoku region is home to many sewing businesses, whose experts help supply our daily clothing needs and are essential for the working process of fashion designers. With them in mind, it is Edwina and her team's hope that their creations can in some small way be an inspiration for the renewal of Tohoku and Japan.
